Hello there! My name is Barbara Prestes and I am a **designer**. I've been focusing on visual and UI/UX design and learning about front-end development.

I believe in a process of **research, concept development, design and testing** in order to build meaningful experiences.

Education

Bachelor of Design - June 2017
Faculdades de Campinas (FACAMP)

Courses and Workshops

Work Experience

Freelance Graphic Designer - Jundiaí, Brazil

2017 - present

I've been working with small clients on graphic pieces.

UX Visual & Branding Design Intern - Intel Corp. Campinas, Brazil

May - December 2016

Working as an Intern for Intel I got the chance to contribute to a variety of projects, such as IoT projects, Drones and branding projects. I worked closely with software engineers, UX/UI and visual designers from offices in Brazil, USA and Mexico.
